SaxonMG's Driver's Education Program Begins In-car Instruction

GEORGE TOWN, Grand Cayman – SaxonMG has commenced its annual Drivers Education Programme in partnership between Saxon Motor and General Insurance Company, Prestige Motors, Cico Avis Rental Car Company, the Department of Vehicle and Drivers Licensing (DVDL) and the Ministry of Education. Since October 2011 when the first phase of the programme began, over 370 students from John Gray and Clifton Hunter High Schools have participated in the theoretical course which was conducted by Sr. Inspector Roy Bush and Burmon Scott from the Department of Vehicle and Driver's Licensing.

At the close of last season's sessions Minister of Education, the Hon. Rolston Anglin remarked that he was very pleased to see that such a programme had been made available to young drivers in Cayman and expressed the desire to see the programme grow and be extended to other students throughout Grand Cayman and its sister islands. Brian Williams, CEO of SaxonMG commented, "By offering this program to the 16 year old students, these young drivers will be able to apply the principals learnt from this program to be better drivers tomorrow."
