**Saxon Gives back Campaign- Puppies Fur Policies**

GRAND CAYMAN, Cayman Islands., September, 2012 -- Volunteers from the Cayman Islands Animal Humane Society (CIHS - [www.caymanhumanesociety.com](http://www.caymanhumanesociety.com)) had an incredibly challenging couple of months with storms flooding the shelter areas leaving enclosures uninhabitable for the many cats and dogs living there. The record rainfall topped 10.5 inches in a single day this past May.

Responding to a request for help from CIHS to save the animal shelter currently housing close to 200 animals, Saxon launched a campaign to raise funds for the building repairs and its residents and they are calling the initiative "Puppies fur Policies" as a company campaign to provide financial assistance to the Humane Society as they needed a helping hand to recover from the water damage during the unusually rainy months of May and July. From May 24<sup>th</sup> through June 30<sup>th</sup>, Saxon donated \$5 for every policy written. The Saxon gives back campaign was a huge success as KYD\$3,430 was raised for this worthy cause. Brian Williams of Saxon, "I know we helped so many animals with this initiative and the generous volunteers who work hard to keep the shelter a happy and safe place will be rewarded as well by having funds to further support the program." All proceeds from the campaign were presented to the President of the Humane Society Carolyn Parker and Twila Escalante Shelter Liaison at the Island Living Show on July 20<sup>th</sup> 2012.

Carolyn Parker said, "We sincerely appreciate the donation from Saxon MG's campaign. The funds were used to replace all the internal doors including a windowed reception door. All the shelter doors were replaced by custom made metal and composite doors that withstand exposure to water. Repairs were also done to the steps going up to the thrift shop. The Humane Society's shelter is the lowest lying property in the area, and we know this will happen again, but now we have doors designed to withstand future flooding."

**About Saxon Gives Back**

Saxon Gives Back executive leader Brian Williams commented on behalf of the Saxon Gives Back Team, and participating staff members: "At Saxon, we are committed to giving back to the community through various efforts for charity, it was a pleasure to assist the Cayman Islands Humane Society in their goals to protect sheltered companion animals and we hope that this initiative will inspire other organizations and individuals island-wide to give back to the community as well." **About Cayman Humane Society**

Founded in 1971, CIHS provides shelter, care and attention to homeless companion animals and proactively seeks out responsible and loving homes for each and every shelter resident. All animals adopted from the Humane Society are spayed/neutered, vaccinated and registered with the Department of Agriculture. Images of the dogs and cats up for adoption and foster care can be found on the Humane Society web site or on their facebook page at: <http://www.facebook.com/caymanhumanesociety>.
